Doctor  
Pharmacist

Medical departments  
pharma and med-tech

## BENEFITS

- Medical search engine and communication platform in one
- Access to countless medical sources and experiential knowledge
- Simple search function, fast and clear results
- Each user adapts the search engine to his or her individual needs
- Only reliable, independent sources, without editorial changes
- Literature research and medical self-study is measurable and provable
- Closed chat room for exchange of experience and knowledge
- Messenger service for direct contact with pharma medical departments

## GAINING TIME AND SECURITY

Digital Doctor House is the world's first specific search engine for comprehensive, fast and secure information for doctors and pharmacists on medical issues, drugs and knowledge sources.

In addition to the search engine, there is a closed chat room, which enables the efficient and structured exchange of experience among medical colleagues.
